SCHEDULE C
Five Year Financial Plan Bylaw No. 728, 2014

In accordance with Section 165(3.1) of the *Community Charter*, the Village of Valemount is required to include in the Five Year Financial Plan, objectives and polices regarding each of the following:

- 1 The proportion of total revenue that comes from each of the funding sources described in Section 165(7) of the Community Charter,
- 2 The distribution of property taxes among the property classes, and
- 3 The use of permissive tax exemptions.

FUNDING SOURCES

Table 1 shows the proportion of total revenue proposed to be raised from each funding source in 2014. As a revenue source, property taxation offers a number of advantages, for example, it is simple to administer and it is fairly easy for residents to understand. It offers a stable and reliable source of revenue for services that are difficult or undesirable to fund on a user-pay basis. These include services such as general administration, bylaw enforcement, building inspections and street lighting.

User fees and charges form a large portion of planned revenue. Many services can be measured and charged on a user-pay basis. Services where fees and charges can be easily administered include water and sewer usage, building permits, business licenses, and sale of services - these are charged on a user-pay basis. User fees attempt to apportion the value of a service to those who use the service.

Objective

To charge a user fee for services that are identifiable to specific users, instead of levying a general tax to all property owners

Policies

Fees shall be established to recover 100% of the Cost of Service unless Council clearly states fees using a different basis.

Fees required to recover Cost of Service may be reduced by government transfers allocated to the program.

Water, Sewer and Garbage rates reviewed and implemented in new bylaws for 2014.

Transfer a minimum of 5% to a maximum of 10% of property tax revenue from the General Revenue Fund to the Capital Fund

Transfer a minimum of 5% to a maximum of 10% of sewer rates revenue from the Sewer Fund to the Capital Fund

Transfer a minimum of 5% to a maximum of 10% of water rates revenues from the Water Fund to the Capital Fund

TABLE 1: Sources of Revenue

Revenue Source	Amount	% Total Revenue
Taxation Revenue	\$ 756,901	24.55%
Sales & User Fees	\$ 560,300	18.17%
License & Permits	\$ 19,500	0.63%
Rentals	\$ 29,600	0.96%
Investments & Penalties	\$ 21,500	0.70%
Grant Revenue	\$ 1,102,611	35.76%
Hotel & Resort Tax	\$ 225,000	7.30%
Loans	\$ -	0.00%
Transfers	\$ 367,818	11.93%
TOTAL	\$ 3,083,230	100%

DISTRIBUTION OF PROPERTY TAX RATES

Table 2 outlines the distribution of property taxes among the property classes. The residential property class provides the largest proportion of property tax revenue. This is appropriate as this class also forms the largest portion of the assessment base and consumes the majority of town services.

Objective

Council will strive to ensure tax ratios and rates are set to maintain tax stability between property classes while factoring in non-market growth.

Policies

Spread tax ratio between all classes in order to maintain overall tax dollars with a minimum increase of the annual inflation rate.

TABLE 2: Distribution of Property Tax Rates

Property Class	Amount	% Property Value Tax
Residential	\$ 77,297,700	73.30%
Utilities	\$ 542,035	0.51%
Light Industry	\$ 29,400	0.03%
Business	\$ 27,442,000	26.02%
Recreation	\$ 144,500	0.14%
TOTAL	\$ 105,455,635	100%

PERMISSIVE TAX EXEMPTIONS

The Village of Valemout Bylaw # 704, 2013. Tax Exempt Property for 2014 provides a one year permissive tax exemption to qualifying non profit entities.

Municipal Taxes

Valemout Curling Club	\$	2,417.45
Valemout Lions Club	\$	454.27
Valemout Royal Canadian Legion	\$	1,317.65

Objective

Continue to provide permissive tax exemptions to churches and non-for-profit organizations who own land and buildings

Policies

To create a policy that determines who may qualify for future exemption.
