*Let the mountains move you*

## ANIMAL CONTROL OFFICER CONTRACT POSTING

Within the first year of the term of this agreement, will enroll and complete Introduction to Animal Control as offered online through Langara College (or equivalent as deemed by the Chief Administrative Officer). Upon proof of successful completion of the above training the Village shall reimburse the Contractor for the cost of enrollment and tuition. Further coverage of training costs of the Contractor may be considered by the Village in subsequent years within the term of this agreement and will be at the sole discretion of the Chief Administrative Officer.

### ACBT 1050 - Introduction to Animal Control

<https://langara.ca/continuing-studies/programs-and-courses/programs/animal-pet-care/courses.html>

This one-day intensive workshop is designed for those planning to pursue a career in animal control and/or bylaw, and for those with a general interest in animals. On the surface, you may think that Animal Control Officers (ACO) deal mainly with barking dogs or loose animals, but there is so much more to their role. Learn about the training, recommended certification, job skills and experience required for starting a career in animal control. Hear from experts in the field about a day in the life of an ACO, what qualities are needed to be successful, and what you need to know to secure a job in this industry. NOTE: Students who successfully pass this course may apply this as a required pre-requisite for entry into the Animal Control Basic Training Program.
